WHERE TO START

For every event & wedding!

We always start with a preliminary **free face to face consultation** with our co-founder **Rossana Saporì**.

You will have the chance of knowing each other, discussing your wedding vision, timelines, schedules, budgets, research, finding your style and all important details for your special event.

This call will help us to map up your dream day and once finalized the level of our engagement, we will send you a draft of your project.

It would be ideal to receive from you a list of your doubts, questions and key criteria in advance, above all if you are at the early stages of the planning.

We gently ask to book call in advance. We only grant calls from Monday to Friday from 9am to 7pm Italian time.

What kind of wedding do you want?

This is a pretty epic question to face at the start of your wedding planning. Most of couples deciding for a destination wedding in Italy are focusing on "elegant, simple, romantic, with great view and excellent food and wines".

All the above has to match with the wedding venue of your dream! However before you rush into booking your venue, it will be ideal to ask an expert.

You can book our **inspiration planning** program. 4 hours (2 sessions) with our co-founder to discuss about your planning process, venue pro & cons, tips and vital advice for a smooth organization.

Once prioritized every step, you can also decide to use our experience in designing and personalizing your wedding or simply hire our concierge service to support your guests during your stay in Italy.

Scroll and evaluate which program is fitting for your style and approach. Do not hesitate in getting in touch with our team!
